

# The "PADDLE" DUAL BAND

Dual Band Omni Antenna

Frequency: 2400-2483/5150-5875mhz 5/7dbi

## The "PADDLE" Omni Antenna

Code: ANT-OA-PADDLE

### Product Description

- Omni Directional Antenna 5/7dBi
- Frequency Band 2400-2483/5150-5875Mhz
- Typically both used for Outdoor distribution of 2.4/5Ghz, IoT Applications, 4G LTE and 5G services.
- Low return loss, High performance
- Quality construction, light-weight and easy to install.
- 5dBi Gain on Low and 7dBi on High Bands
- Pole Mounting Bracket (Sold Separately)
- Connector Type N Male

### Electrical Specifications

Frequency Range (MHz)	2400-2483/5150-5875Mhz
Polarization	Vertical
Gain (dBi)	5/7dBi
Radiation Direction	Omni directional
VSWR	1.5
Operating Temperature	-40 to +60°C
Input Impedance ( $\Omega$ )	50 $\Omega$
Maximum Power (W)	50W

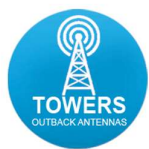

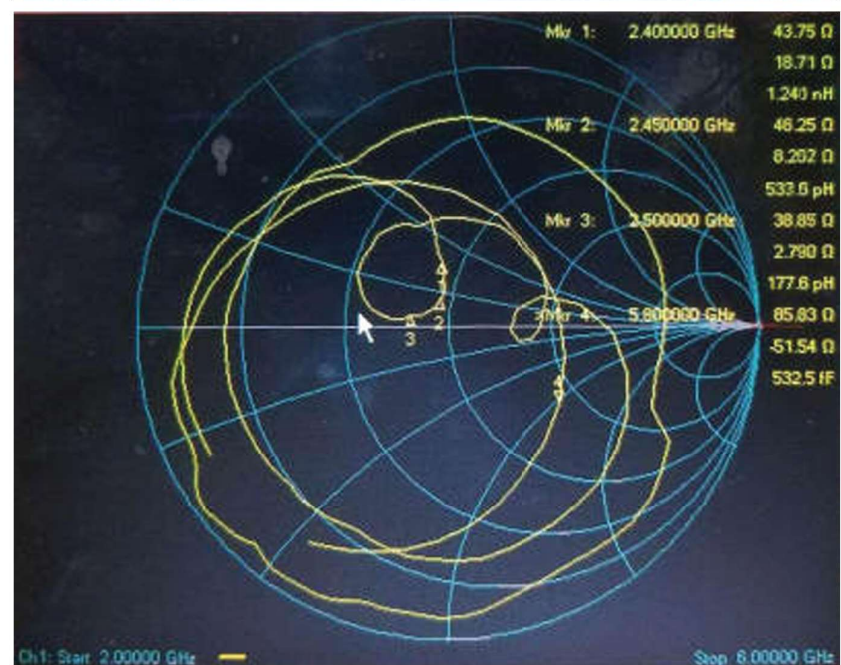

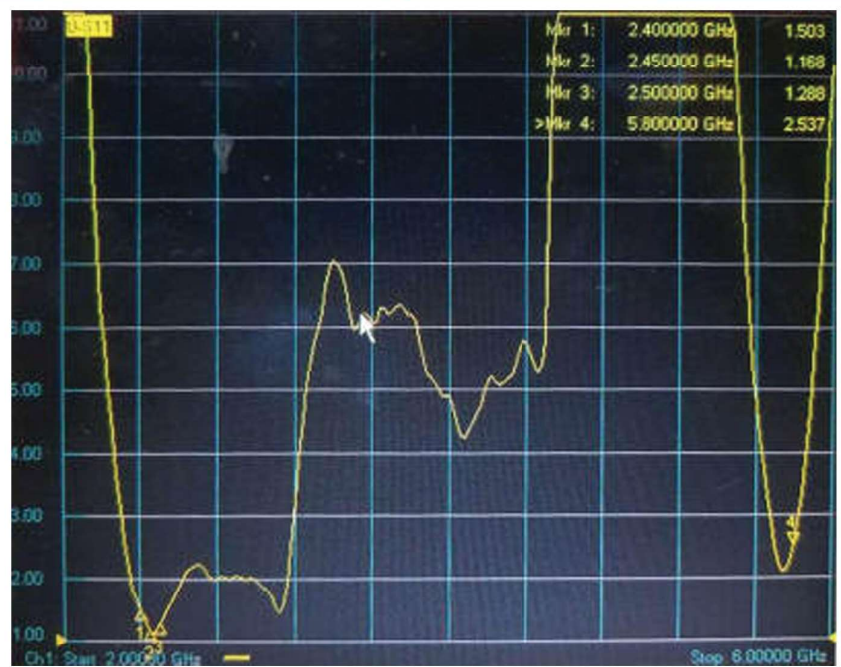

### Physical Specifications

Antenna Length	180mm 63mm $\varnothing$
Weight	60g without Mount
Cable Type	NA
Cable Length	NA
Connector Type	N Male Waterproof Connector
Mounting	(Pole Mount Sold Separately, SKU:MNT-OA-GET-A-GRIP)
Radome Material	UV Stable PVC White
